

Workday Functional Junior Consultant

About BNB

BNB is a consulting company specialized in IT services. Founded in 2003, we are a young and dynamic company with operating offices in Milan, Madrid, Barcelona, London, Mexico and Buenos Aires. BNB is formed by experienced professional consultants working along the following Consulting Practices: Workday, PeopleSoft, SAP, Mobility, JD Edwards and IT Consulting & Services. In addition, All Consulting Practices rely on a management team that has years of experience in the software and technology services industry.

Our working philosophy is «business-friendly». We believe in encouraging personal and human relations in doing business, and in observing our values, which are an integral part of our organizational culture.

Our team is made up of highly qualified professionals, capable of managing complex IT projects, and advising companies with diverse structures. They can offer solutions for the complete range of a company's IT area needs, end-to-end.

Thanks to the excellent professional and human quality of our consultants we enjoy a very high satisfaction level from our customers. All of them, among which we can name some Fortune 500 and middle market companies, can give positive reference of our work.

Job description

Description

We are looking to add consultants to our team, to the quickly growing Workday consulting practice. We are focused in new talent without previous work experience but who is ready to learn with dedication and passion.

This is an exciting opportunity to be at the forefront of the transformation to Cloud based services. This role will combine skills in requirements analysis, workshop facilitation, customer management and product configuration.
